SPECIAL ABBREVIATIONS
bead 1 = place a bead by taking yarn to RS of work and slipping bead up next to st just worked, slip next st purlwise from left needle to right needle and take yarn back to WS of work , leaving bead sitting in front of slipped st on RS.

Beading note: Before starting to knit, thread beads onto yarn. To do this, thread a fine sewing needle (one that will easily pass through the beads) with sewing thread. Knot ends of thread then pass end of yarn through this loop. Thread a bead onto sewing thread and then gently slide it along and onto knitting yarn. Continue in this way until required number of beads are on yarn.
